Do you have any other comments on usability of the VR test?
N/A
Give a night mode, gray can be straining.
nope
Visual graphs were very interesting. Results looked professional.
The results were very interesting. Good Experience.
I really enjoyed, it was fun. I felt competitive after the first eye to be more alert, and more observant.

Bleaching affect over the duration of the test. A solution would be to create a stimulus that is changing. Under Mesopic stimuli. Interesting to see the effects of colour stimulus.
